About Me

Highly motivated student with a strong background in IT, programming, mathematics and problem solving. Currently pursuing a Bachelor's degree in Informatics at the Faculty of Mathematics, Belgrade. Proven ability to work effectively in a team and communicate ideas effectively. Ready to contribute to the success of any organization while gaining valuable experience and advancing my career.

Experience

Freelance Web Developer & Designer 2020 - Present

Designed and developed diverse websites and web applications, ranging from simple landing pages to complex, dynamic platforms.

Built responsive and user-friendly interfaces using modern JavaScript frameworks and libraries.

Collaborated with clients to understand project requirements and deliver customized solutions.

Optimized performance, implemented best coding practices, and ensured cross-browser compatibility.

Teaching & Mentoring

Conducted group and one-on-one programming and mathematics classes, helping students grasp fundamental and advanced concepts.

Provided personalized guidance, adapting lessons to different skill levels and learning styles.

Assisted learners in solving complex problems, improving their analytical thinking, and developing strong coding skills.
